

Kainan University Department of Health Industry Management Student Learning Achievement Assessment Method

102.10.30 Passed at the 5th department meeting
102.11.12 Passed by the 4th academic meeting

Article 1

These regulations are hereby formulated in accordance with the provisions of the Kainan University Student Learning Achievements Review Measures °

Article 2

In order to effectively check the learning effectiveness of students in the Department of Health Industry Management of Kainan University (hereinafter referred to as the Department), the Department Based on the core competency indicators corresponding to the educational goals and students' core competency planning, students' coursework and other related learning activities should be checked one by one every school year to see if they meet the competency indicators °

Article 3

After students complete the course, they will be qualified after being approved by the instructor. If it is other related learning activities other than the course, they must attach relevant supporting documents and submit them to the department director for approval °

Article 4

In addition to planning the evaluation mechanism for students' professional functional learning effectiveness, this department also sequentially checks the professional functions that students must complete before graduation: through "internship work", "internship sharing report", "study passport exchange activities", "public welfare" Those who submit for inspection such as "service work" and "labor service work" should submit relevant works, experience reports and relevant supporting documents °

Article 5

Each student should prepare a "Student Core Competence Checklist" and first send it to the tutor for guidance on course selection. In each academic year, students should complete records such as assignments and reports. After the teacher or activity supervisor reviews the results, the student should take the initiative to send it to Ask the department chairperson to certify the signature °

Article 6

After students enroll, semester reports or assignments for each course, as well as learning certification documents and learning achievement reports submitted by students for certification, should be kept in the department office until graduation °

Article 7

Every student should check his or her credit score and relevant graduation thresholds after the second semester of his junior year. He must pass the

certification of all core competency indicators in his senior year before he can graduate °

Article 8

These regulations will come into effect after being approved by the department executive meeting and the college executive meeting. The same applies when revised °
